One And Only You

Every single blade of grass,

And every flake of snow—

Is just a wee bit different ...

There's no two alike, you know.

From something small, like grains of sand,

To each gigantic star

All were made with THIS in mind:

To be just what they are!

How foolish then, to imitate—

How useless to pretend!

Since each of us comes from a MIND Whose ideas never end.

There'll only be just ONE of ME

*To show what I can do—And you should likewise feel very
proud,*

There's only ONE of YOU.

That is where it all starts

With you, a wonderful

unlimited human being.

James T. Moore

**"You are born for greatness in your life and all you need are there right inside you but you have to be informed".
May be you are among many people that have the wrong notion that all who are making money in this Nigeria are yahoo boys ,419 or yahoo plus guys only and politicians?
Please throw that away! There are many who are making substantial amount of money daily, weekly or monthly from**

online and offline doing legitimate work by adding value to others' people lives.

I will just give you few examples of great achievers to buttress my point.

1. Linda Ikeji ,she is female blogger who is making real money from her blog(www.lindaikeji.blogspot.com) .

2. Seun Osewa he is the builder of the popular forum called Nairaland ,he also is making real money through selling of advert space to organizations, big companies ,even individuals.

*3. Mark Zuckerberg ,the founder and CEO of the popular social media facebook which he created when he was a student at age 19 with his roommates ,students of Harvard university. Now Mark zuckerberg is rank sixth richest person in the world with \$55.4 billion worth by forbes . My question for you is that, what is your worth presently? Think of what you too can do provide solution to people's problem as well as adding value to other people's life and before you know it, you would have become millionaire even billionaire. **You too have what its take to become rich lying idle in your head!***

There are still many time and space will fail me to be mentioning one by one but I believe you grab the point I am driving out, you too can be making your share if you know how and you are ready to follow the free information you are offer in this free report.

How then can you get your share and be making money too from both online and offline?

Watch and listen to their recorded messages, there are many on youtube which you can watch and listen to free of charge because there is a law that says "if you want be successful in any area of life whether financial, career etc find somebody that have achieve success in that particular area and follow his steps"

Have the mindset of investing a little I mean time, money & effort. It really baffle me when folks that start online or offline business a few days want to be making millions like gurus that have been on online for like two or more years and have invested their time and be patient to grow their business . Please don't misunderstand me, it is very possible but if are good in marketing and can solve problem for people that are really desperate for but don't this be your mindset.

My friend online business is the same like offline business in the sense that you have to be patient for it to grow.
